

## EACS Newsletter - February 2022

### NEWS

### Applications are open for the HIV Summer School 2022

The applications for the EACS HIV Summer School are now open. The course will take place from **6-9 September 2022** in Bordeaux, France.

This four-day residential course is designed for clinicians involved in HIV management who wish to deepen their knowledge about all aspects of HIV medicine and research methodology. The course is delivered by an experienced faculty of key opinion leaders in the fields of HIV clinical care and research.

Teaching is based around a combination of plenary sessions, which provide updates on the recent advances in HIV clinical science and a general introduction to clinical research methodology, and interactive small working groups led by faculty members.

A maximum of 70 participants will be accepted.

A moderate fee of EUR 300 is charged which will cover registration and accommodation (payment is due on confirmation of a place in the course). A limited number of scholarships are available to applicants from low-income countries.

**Applications are open until 18 April 2022.**

### Save the date for the YING Conference

The EACS Young Investigators Conference 2022, will take place from **1-2 July** in **Brussels, Belgium** at the **Royal Academies for Science and the Arts**.

This two-day event which involves plenary sessions and workshops is organised by a scientific committee composed of young experts.

A young expert is a clinician or investigator who has published three or four articles, spoken at a major conference and who has between five to eight years of activity in the HIV field.

**Participation is upon invitation only.**

### EACS at ECCMID 2022

EACS will co-organise a session at the 32nd European Congress of Clinical Microbiology & Infectious Diseases (ECCMID), taking place in Lisbon, Portugal from **23-26 April 2022**.

#### **Updates on HIV treatment and prevention:**

- Progress toward reaching HIV prevention and treatment targets in Europe
- HIV treatment: which are the drugs?
- HIV and the cure: what is new in the HIV vaccine research?
- Patients' perspectives on PrEP

## Participate in the 2021 EuroTEST survey assessment of the impact of COVID19 on testing services.

The deadline for the 2021 EuroTEST assessment of the impact of Covid 19 on testing services for HIV, HBV, HCV, STIs in the WHO European Region has been extended to 13 March.

The survey aims to understand the continued impact of the Covid 19 pandemic on testing services for HIV, viral hepatitis and STIs in the WHO European Region. If you provide testing for one of these infections at the laboratory, clinical or community level, please consider responding to the survey.

The survey is available in English and Russian.

## WSPID 2022

The 12th World Congress of the World Society for Paediatric Infectious Diseases (WSPID) is going virtual!

It will be held online from **22-24 February 2022** to address the most important issues in infectious diseases that affect children and their families. WSPID, the only global society that is devoted entirely to paediatric diseases in children, invites you to hear the latest developments relevant to your patients, to interact with world experts in all aspects of paediatric infectious diseases, to meet colleagues from all over the world and to network for new opportunities and collaborations to address the immense burden of infectious diseases.
