

## EACS Newsletter - February 2024

### NEWS

### Last chance to apply for the YING Conference!

The **applications for the YING Conference are still open until 20 February**. The Conference will take place on 14-15 June 2024, in Brussels, Belgium.

This two-day event brings together a new generation of HIV experts from the WHO European Region, offering a fresh perspective and an innovative approach to HIV across Europe. The YING Conference addresses hot topics in the field of HIV through plenary sessions and interactive workshops.

In addition to sharing your knowledge and experiences, YING provides an opportunity to expand your network.

EACS will cover travel expenses and accommodation in Brussels for all selected participants for 2 nights (arrival on 13/06 and departure on 15/06).

### Register for the Career Development Fellowship

EACS is pleased to announce the launch of the 2024 edition of the career development fellowship programme. The programme aims to link an HIV physician in training with an established European key opinion leader, over a period of 12 months, to facilitate mentorship and help career progression.

The fellowship programme will follow specific objectives set by the mentor and the fellow and will include:

- a) 12-month mentoring;
- b) Participation to the HIV Glasgow conference together with the mentor;
- c) An optional visit of 2 to 4 weeks of the fellow to the mentor's host institution.

**The applications are now open until 31 March 2024.**

### Join the February EACS Live! Journal Club

You can now register for the September EACS Live! Journal Club on **26 February, 15:00 CET**.

The February Journal Club will focus on HIV cascade of care for vulnerable and marginalised populations in Eastern Europe with a presentation from Bogusz Aksak-Wąs (Poland) and Oana Sandulescu (Romania) with Evangelia Kostaki (Greece) joining the panel. The discussion will be led by Uwe Koppe (Germany)

## Applications are open for the HIV Summer School 2024

The HIV Summer School is a 5-day residential course designed for clinicians involved in HIV management who wish to deepen their knowledge about all aspects of HIV medicine and research methodology.

The course will take place from **9-13 September in Prague, Czechia.**

The course is delivered by an experienced faculty of key opinion leaders in the fields of HIV clinical care and research. Teaching is based around a combination of plenary sessions, which provide updates on the recent advances in HIV clinical science and a general introduction to clinical research methodology, and interactive small working groups led by faculty members.

**Applications are open until 9 April 2024**

## Register for the PentaTr@ining 2024: HIV & other Congenital Infections

The recently upgraded course will consist of 6 in-depth online modules, including lively case discussion forums, engaging “Ask the Expert” live webinars, unique networking opportunities, and a wealth of further educational tools/resources.

To consolidate the online learning, the exciting training programme will also include a bespoke 3-day residential workshop held at the historic University of Padua in northern Italy, just a short distance from Venice.

The fully immersive course will improve the professional capacity of even the most remote healthcare workers around the globe in the management of children, adolescents and pregnant people living with HIV and other congenital infections.

**Online course:** 22th April – 14th July

**Residential workshop:** 17th-19th September
