Gynecologist, Researcher  
Department of Infectious Diseases  
University Hospital Bern, Switzerland

What is it all about ?

# WOMEN AGAINST VIRUSES IN EUROPE

## MISSION

# WOMEN AGAINST VIRUSES IN EUROPE

## 8 Working Groups

Contact face to face –  
knowing each other

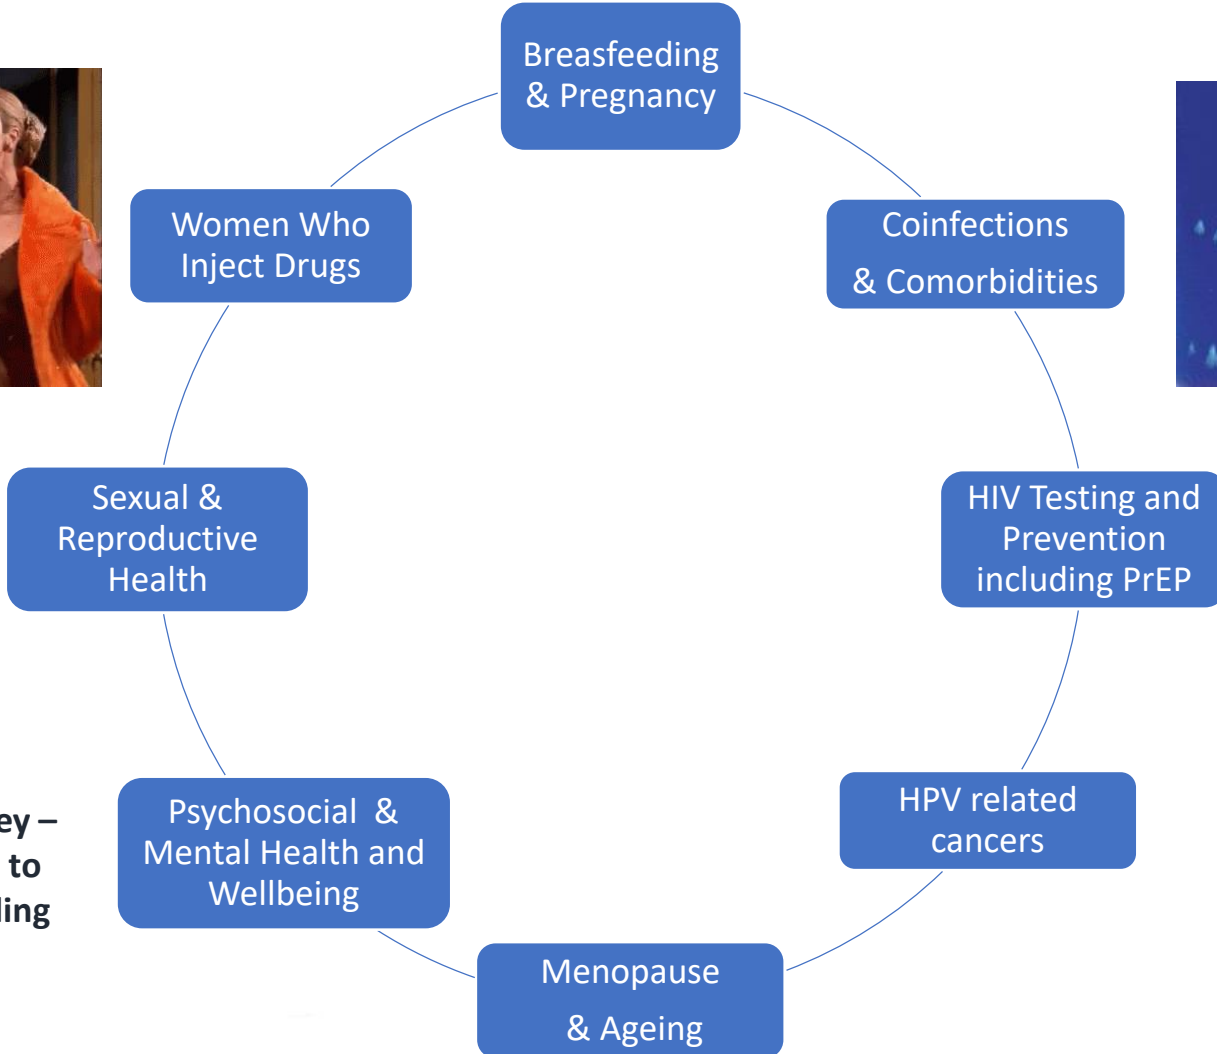

Creating clear aims,  
defining needs

Proactive members

Literature review and survey –  
support in creation, access to  
a network, support in funding

Contact on [groups.io](https://groups.io)

Keeping track of  
implementing ideas,  
pacing

# WOMEN AGAINST VIRUSES IN EUROPE

## 2017 - 2019

**Literature review**  
Encouraging young doctors' development within the frame of WAVE

**Peer-to-Peer visits**  
5 scholarships  
full coverage of travel and accommodation

# WOMEN AGAINST VIRUSES IN EUROPE

## Peer-to-Peer visits 2019

3 doctors from Kiev in Bern,  
University Hospital

2 doctors from Lviv in Warsaw,  
University Hospital

# WOMEN AGAINST VIRUSES IN EUROPE

Literature review and survey – support

How does it work?

# WOMEN AGAINST VIRUSES IN EUROPE

## Realizing a **Project** is like preparing **PIZZA**

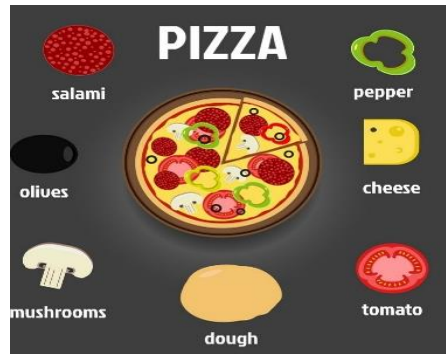

Receipe = EXPERT ADVICE

### Tomato-Olive-Pesto Pizza

- 1 (10-ounce) can refrigerated pizza crust
- 1/3 cup purchased pesto
- 4 Italian plum tomatoes, thinly sliced
- 1 (2- 1/4-ounce) can sliced ripe olives, drained
- 1/4 cup finely chopped red onion
- 6 ounces (1- 1/2 cups) light, shredded Italian cheese blend

Heat oven to 425-degrees. Spray cookie sheet with nonstick cooking spray. Unroll dough; place on sprayed cookie sheet. Starting at center, press out dough with hands to form 13x9-inch rectangle. Spread pesto evenly over dough. Top with tomatoes, olives, onion, and cheese.

Bake at 425-degrees for 10 to 12 minutes or until crust is a deep golden brown and cheese is melted.

Ingredients=  
TOPICS

Oven = Survey, networks, support

**TOGETHER**

## FUTURE ACTIVITIES- 2020 and onwards

But we had  
fun... 😊

*Chairing WAVE*  
We also got tired...

And finally we had to  
learn... To keep smiling  
and to never give up!!!

Many thanks to Justyna !!!  
Will miss you !

10. For HIV-positive persons with liver enzymes...

10086720 sty 23 Odpowiedz X

Title: Viral Hepatitis instead of HBV and HCV

10086720 sty 23 sty 23 Odpowiedz powi X X

Should we include BEA score? the HBV section Calle Serano et al J of viral hepatitis 2014 (to assess prognosis; tx-body first indication) tence is not needed

10086720 lut 15 Odpowiedz X

Discuss if we should include arituximab a sentence regarding the fact that HBV status has to be considered when ART simplifying is undertaken

Table with 12 columns: Topic for review, Reviewer, Status, Date, etc. It lists various topics related to HIV and HCV co-infection and their corresponding reviewers and dates.
