Exchange  
Programme

#### Career Development Fellowship

EACS is pleased to introduce its new programme as part of the Medical Exchange Programme: the **Career development fellowship**. The aims of this programme are to provide a link between an HIV physician in training with an established European key opinion leader, over a period of 12 months, to facilitate mentorship and help career progression.

**The applications will be open between the beginning and the end of March.**

## Tr@inforPedHIV, Rome, Italy

Penta is one of the leading international research organizations for children and young people with HIV and other infectious diseases, running clinical trials in Europe and in developing countries around the globe.

In 2020, Penta will deliver a new course (October 14-16, 2020) centred around updates in a variety of different congenital infections - including sexually transmitted infections, Zika virus, CMV, and hepatitis B and C - whilst building on the success and reputation of the previous Tr@inforPedHIV course.
