Conference opportunities:

EACS is collaborating with the H.W. & J. Hector Foundation, which announces the [European Hector Research Award in HIV 2019](#). It will be awarded for the best scientific achievements in HIV research.

Clinical and/or epidemiological papers and basic science, translational papers will be considered. The deadline to submit a paper is **June 30, 2019**.

[Registration](#) for individuals and groups is now open. The early registration fee applies until **July 12, 2019**. A reduced fee is available for allied professionals, students and community members.

The [scholarship programme](#) is open to clinicians/physicians, public health experts, researchers from basic and translational sciences, allied professionals, community members, and other service providers involved in HIV/AIDS. We welcome scholarship applications until **July 11, 2019**.

[Abstract submission](#) is open until **July 11, 2019**. An abstract can be submitted as poster or oral presentation. Accepted abstracts will be considered for the three best poster discussion sessions that will be held on Friday, November 8, 2019.

[Clinical cases](#) can be submitted until **September 2, 2019**. Selected clinical cases will be presented during the dedicated session on Saturday, November 9, 2019.

The main sessions of the Conference will be translated into **Russian** and we hope that this will give the opportunity to Eastern-Central European countries to increase their participation. More information will follow.
