EACS
ONLINE COURSES

Clinical Management of HIV online course - Relaunching November 2018

The Clinical Management of HIV online course provides an in-depth understanding of the scope and manifestations of HIV-related diseases, their prevention, management, and care. Special emphasis is placed on co-infections and co-morbidities as well as state-of-the-art treatment of HIV according to international guidelines from EACS and WHO.

What is new?

A brand new module on Optimization of ART programmes. Addition of a stand-alone module on PrEP. Update of existing modules according to new scientific discoveries and updated guidelines.

HIV Drug Therapy - Glasgow 2018

The Glasgow conference will be held on October 28-31, 2018.

[Read more on registration.](#)

European Testing Week is 23-30 November 2018

European Testing Week is an international campaign that encourages partner organisations—in community, health care and policy institutions—throughout Europe to unite for one week to increase testing efforts and promote awareness on the benefits of earlier hepatitis and HIV testing. This initiative has progressed since its start in 2013 and has grown to be a widely recognised international event with hundreds of organisations participating every year.
